

WHOLE SUCCESS OF THE MEDIATION PLAN NOW RESTS WITH CARRANZA

Mediators Firm in Demand for an Armistice Before Proposals Now Practically Agreed Upon by all Parties to Conference can be Put into Operation. Constitutionalists Equally Firm in Refusing Armistic Proposal.

WASHINGTON GOVERNMENT WILL ASK NO INDEMNITY OF MEXICO

Seeking Only Establishment of Stable Government, Administration Makes Understandings Pact Now Practically in Shape for Final Drafting.

By Leased Wire to Evening Herald.

Niagara Falls, Ont., June 9.—The mediators today submitted to the Mexican delegates the counter proposals of the American government for the pacification of Mexico. The American plan is with few modifications the same as in which the mediators and Mexican delegates recently agreed upon and which General Huerta approved. It provides the method of transferring the executive power in Mexico City from the present regime to a new provisional government which shall, a few months conduct elections for president, vice president and members of congress.

No names have been agreed upon between the American and Mexican delegates for the new provisional president or his cabinet. In fact neither side has yet made its nominations.

The program of the proceedings is about as follows:

Within a day or two the Mexican plan and the American plan will have been dovetailed into a one and a half conference of all parties will be called.

Final approval is not expected immediately from either party, however, as the mediators then will ask the American delegates to begin to ascertain the attitude of the constitutionalists. This may proceed through the Washington government or in any manner the delegates choose. The mediators will take a brief recess in the meantime.

Should there be any new suggestions from the constitutionalists the United States government will endeavor to arrive at a compromise with them. When an agreement is reached the results will again be placed before the mediators.

The correspondence between the mediators and the constitutionalists is expected to be brought to an end in another day or two.

The mediators are insistent on their original terms—declaration of an armistice and broadening the discussion from international to internal questions. The constitutionalists are willing to meet the mediators on a satisfactory basis as to the latter point, but they are absolutely determined against declaring any armistice.

It was announced to the mediators plenipotentiaries last night that they would make public their correspondence with the constitutionalists tomorrow. A letter was received through the American delegates that the Wilson government will be content to have set up in Mexico a stable government to withhold publication for the present.

No answer from the constitutionalists which does not declare for an immediate armistice will permit them to enter the negotiations.

The mediators have taken a firm stand on this point.

SUFFRAGE WORKERS WIN VICTORY IN FIRST ROUND

Said to Have Secured Consent to Admission of Suffrage Organizations into Federation of Women's Clubs on Equal Basis. Real Politicians Hard at Work Among Fifteen Thousand Women Delegates in Chicago in Effort to Block Prohibition Issue.

By Leased Wire to Evening Herald. Chicago, June 9.—The equal suffrage element of the General Federation of Women's Clubs, which meets in biennial session here tomorrow night, today claimed victory in a preliminary skirmish.

The action took place in the secret meeting of the general council of the federation yesterday. It was not a meeting scheduled on the program—that is, scheduled for tomorrow morning—but nevertheless a majority of those present expressed themselves, it is said, in favor of allowing woman suffrage organizations to have representations in the conventions on an equality with non-political clubs.

Delegates from Indiana have a candidate for the presidency of the federation in 1916 in the person of Mrs. Julian Clarke of Indianapolis. It is assumed that custom will be followed in the re-election of Mrs. Percival V. Pennybacker of Texas, as women are more prepared to play a rôle in politics for their candidate two years hence.

Every train today brought delegations and the headquarters was busy with innumerable details connected with their welfare.

A bit of gossip to the effect that real practical politicians, with an eye on the woman vote, were working below the surface to keep the prohibition question from arising in the convention.

Delegates from Indiana have a candidate for the presidency of the federation in 1916 in the person of Mrs. Julian Clarke of Indianapolis. It is assumed that custom will be followed in the re-election of Mrs. Percival V. Pennybacker of Texas, as women are more prepared to play a rôle in politics for their candidate two years hence.

states would not demand reparation for the losses sustained at Vera Cruz, or expect to be repaid for the enormous expenditures already made in an attempt to pacify Mexico was given to the Mexican delegates soon after the conference opened. This made it easy for the opposing delegation to meet harmoniously. It was responsive largely for the ease with which a general understanding was reached between them and to the American demand that consideration be given to the constitutionalists' cause.

**BRYAN TAKES CHEERFUL VIEW
OF PROSPECT FOR SETTLEMENT**

Washington, June 9.—Secretary of State Bryan after a conference with President Wilson on the Mexican situation before the regular cabinet meeting today announced that both he and the president were hopeful the constitutionalists would participate in the mediation negotiations at Niagara Falls.

The secretary left for New Jersey after making this statement, but it was apparent he was much encouraged over the present prospect for success of the mediation conference. His increased hopes, it is believed, were based on reports that had reached him from agents of the constitutionalists here, who have been in communication with General Carranza at Saltillo. What is the exact nature of General Carranza's attitude toward the recent communication from the mediators has not yet been disclosed. It was learned that partial reply to the mediators' proposal had been received from the constitutionalist chief by his confidential agent, Rafael Zubarán, but that not all the information desired had been received. Further communication from General Carranza was expected late today. In view of this, it was deemed likely Carranza's answer to the mediators would not be forwarded to Niagara Falls today.

Zubarán procured a direct wire into Juarez last night and forwarded to Carranza information on the situation here, for which the constitutionalist chief had made request before completing a formal statement of his position.

When all the information desired from General Carranza reaches here it will be put in diplomatic form by Zubarán and forwarded to him to Niagara Falls.

No word had been received in diplomatic quarters today concerning the disposition of the Antilla's cargo of arms and ammunition bound for Tampico. Though there was an evident expectation that some steps would be taken by the mediators or the United States government to prevent the landing of these war stores, constitutionalists professed to have no information of such a possibility. Secretary Bryan will not discuss this situation.

At the cabinet meeting today there was a general discussion of the peace proposals as drafted by the Washington administration and forwarded to Niagara Falls. It was declared there were no changes from the general outline of settlement formulated by the mediators.

When Mr. Bryan conferred with the president he was accompanied by John Lind who has been serving as the special representative of the state department in dealing with the constitutionalists' representatives in Washington. It was Mr. Lind's first visit to the president in many weeks. After Secretary Bryan had left it was learned that Lind was discussing the prospects of constitutionalists' participation they also had taken up the proposed landing of arms for the constitutionalists at Tampico by the steamer Antilla. Nothing could be learned as to any conclusion that might have been reached as to what this government would do in view of the suspension of the Huerta blockade.

The land and educational questions are simply declarations of principles on which further steps may be undertaken and do not commit the new government to any definite program.

It is said the entire peace plan is explained in less than 200 words. The terms forth suggested for the naming of a fait accompli and recommended that recognition be accorded the new provisional government, territorialized it is set up along the lines agreed upon.

After a long conference between the mediators and the Mexican delegates it was learned that the counter proposals of the United States were not entirely satisfactory, but the Mexican delegates expressed confidence that in a few more conversations the points of disagreement would be adjusted.

**UNITED STATES WILL NOT
ASK FOR INDEMNITY**

Niagara Falls, June 9.—Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson government will be content to have set up in Mexico a stable government to succeed the Huerta rule.

An intimation that the United

**ARMS LANDING CHIEF TOPIC
BEFORE TODAY'S MEETING**

At the cabinet meeting the questions of ammunition reaching the constitutionalists from the United States was the chief subject of discussion and Secretary of Commerce Redfield was directed to hold up at Galveston the cargo of arms consigned to Carranza's agents which is on the way to the Texan port on the Morgan liner El Sud. The ship cleared for Galveston and was to tranship the cargo to a ship of the Yolaine line for Tampico. As Secretary Redfield left the White House he said he would at once notify the customs officers at Galveston to hold the ammunition there.

The president and the cabinet learned from the collector of customs at Baltimore that the Hamburg-American liner Arcadia was loading there ten thousand dollars' worth of ammunition consigned to Hamburg. The collector reported that he believed the consignment notice was a subterfuge and that the ammunition actually was destined for Mexico.

As to the Antilla there was considerable discussion in the cabinet and it was declared no directions had been sent relating permitting her to land her cargo of ammunition at Tampico.

CARRANZA RECEIVES GREAT
OVATION AT SALTILO

Saltillo, Coahuila, Mex., June 7.—(Via El Paso, Tex., June 5)—General Carranza was given a tremendous ovation upon his arrival here tonight. The constitutional commander was dine by General Pablo Gonzales, commander of the eastern military zone, who arrived before Carranza from Monterrey, which he captured.

**SAYS ANTILLA CARGO WILL
BE LANDED TOMORROW**

New York, June 9.—The ward chief Antilla, laden with a cargo of ammunition for the Mexican constitutionalists will land and discharge her cargo tomorrow without interference, according to the opinion expressed today by A. G. Smith, vice president and general manager of the Ward line company.

Mr. Smith's statement is in flat con-

ARMY WORKS TO SAVE SANTA FE TRACKS FROM RIVER

**Colorado, Higher Than for
Many Years, Doing Great
Damage in Two States.
Needles in Grave Danger.**

By Leased Wire to Evening Herald.

San Bernardino, Cal., June 9.—The Colorado river, now in its annual flood and higher than for many years, is cutting new channels, flooding landmarks and threatening great damage on both the California and the Arizona sides. The Santa Fe railroad has gathered 750 men to prevent damage to its lines. Needles, desert town, whose destruction was threatened two years ago, is in danger, but it is believed protective work done along the river's bank since 1912 will prevent serious damage. Thousands of acres of land above Needles on the Arizona side, have been flooded.

MOUNT LASSEN IN MORE VIOLENT ERUPTION

By Leased Wire to Evening Herald.

Holiday, Cal., June 9.—Daylight brought proof today that the eruption yesterday of the new crater on Mount Lassen was the most violent that has yet occurred. The noisy tumult of the peak, which yesterday was bright white, was again blackened today by the volcano ashes poured forth over night. Appearance indicate that the volume of ashes and scoria from the latest outbreak is far greater than the first output, which covered an area of 100 acres to a depth of a quarter of an inch and has been estimated to have weighed ten thousand tons.

The column of ascending steam from the crater was more plainly visible from this distance than at any time since the series of disturbances began. It could be seen as far as the mountain itself was distinguishable. At no time, however, has there been any authenticated report of flames or lava.

Atmospheric conditions for observation are best in the afternoon.

Mount Lassen was steaming again today. Clouds of steam could be seen issuing from the mountain's crater for many miles around.

Forest Supervisor Bushing says the crater is from six to seven times as large as when the mountain first became active. The forest department scouts the stories of flames going from the mountain.

TODAY'S GAMES

TUESDAY, JULY 9.

NATIONAL LEAGUE

PHILADELPHIA, WIGNER, REDFIELD

Philadelphia, June 9.—Hans Wigner, the veteran shortstop of the Pittsburgh National league team, today made his three thousandth hit in 17 years of major league baseball.

PIRATES, CALIFORNIA, HESS

Pittsburgh, June 9.—Hans Wigner, the veteran shortstop of the Pittsburgh National league team, today made his three thousandth hit in 17 years of major league baseball.

Minneapolis, June 9.—Boston, 3; Minneapolis, 2.

Batteries: Anderson, Brown and Blair; Cullop and Easterly.

THE GARRISON IS LEFT ALONE IN STARVING MAZATLAN

**Moved by Plea of Hundreds of
Hunger Driven Women,
Federal Commander Per-
mits Population to Leave.**

FEDERALS EVACUATING LOWER CALIFORNIA

**Artillery and Equipment of
Defenders Piled on Beach
at Ensenada Waiting Ship-
ment to Mexico City.**

On Board U. S. S. California, June 9.

Mazatlan, Mex. City Wireless to San Diego, Cal., June 9.—Moved by the plea of 200 starving women, who besought him to end the sufferings of the populace by surrendering the city, the military governor of Mazatlan issued an order today permitting all non-combatants who so desire to vacate their dwellings and enter the lines of the constitutional army which has been besieging the port for months.

As the city of Mazatlan has been for some weeks in desperate straits for food, and its sympathies with the rebels could easily be won over, the military governor of Mazatlan would allow, there is hope that the government will be seized by a majority of the poorer classes.

The constitutionalists in return for the rations they will supply will endeavor to recruit as many of the refugees as they desire and have arms for.

Ortega's army far outnumbered that of the defenders and the seige and precipitous situation of Mazatlan and the superior artillery of the garrison has prevented him from attempting a costly general assault.

The cruiser South Dakota arrived here today with 600 marines.

Lower California being evacuated by Federals.

San Diego, Cal., June 9.—All the field artillery of the Mexican garrison of the northern district of Lower California is piled on the beach at Ensenada, waiting shipment to Mexico City according to reports brought to San Diego today by passengers on the steamer Victoria. Only two or three machine guns have been retained by General Vasquez, civil and military commander of the northern district.

The order to ship the artillery came from Mexico City some time ago, but lack of means delayed the movement of the guns.

CALLES SAYS REPORTS OF RECENT FIGHTING UNTRUE

Guadalajara, June 9.—A Mississippian received here last night by constitutionalist Agent Lebover from Colonel E. Calles of Hermosillo denied that any fighting had taken place as had been rumored.

The telegraph states that all he knew quiet there and that reports of fighting had been given to the American press by enemies.

Colonel Calles further stated that he was preparing to march on Guadalajara with
